

# EXTRA CERTIFICATES SERVICE

Now anyone  
who takes part  
in a successful  
record attempt can  
have their name on  
an official GUINNESS  
WORLD RECORDS™  
Certificate!

For all Guinness World Records™ record holders, a Guinness World Records™ Certificate is the ultimate way to demonstrate and publicize your world-beating achievement. Understanding the importance of our certificates to our record holders, Guinness World Records™ provides one certificate free of charge to all of our successful claimants. These certificates contain details of the record, the name of the record holder, the location of the record attempt and the date that the record was achieved.

## Standard Extra Certificates

As part of our continuous effort to acknowledge the achievements of our certified record holders, Guinness World Records™ provides a Standard Extra Certificate Service, which enables participants of a successful record attempt to order duplicates of the original standard certificate.

These standard extra certificates can be sent directly to the record holder or presented on site by an official Guinness World Records™ adjudicator.

## Personalised Extra Certificates

In a new initiative, Guinness World Records™ is now offering a Personalised Extra Certificate Service, which enables record holders to order an edited version of the standard certificate.

These personalised extra certificates enable record holders to include information not contained on the standard certificate, such as company or product information, extra names, further details on location and other extra/new information, subject to approval by Guinness World Records™.

## Great quality at a great price

All extra certificates will be printed on the same high quality paper as the original, and will include the official Guinness World Records™ seal of approval.

Each **standard extra certificate** costs £10.00\*, while each **personalised extra certificate** costs £15.00\*, plus postage and packaging if outside the UK (\*discounts are available for orders of 100+ certificates).
